

BEAVER DAY 2013 Saturday, April 20, 2013

Beaver Day is a day long program during which units and individual volunteers work on improvement projects at Mount Allamuchy Scout Reservation and Winnebago Scout Reservation. In past years, over 500 dedicated volunteers have attended Beaver Day, and have left camp in finer condition than when they arrived. Projects are determined by the Properties Management Committee.

We welcome any registered Units and individuals of the Patriots' Path Council who are dedicated to supporting the camp program and facilities.

Volunteers are recognized with a patch, and Unit recognition in the Pathfinder

Our camps will be closed on Friday, April 19, 2013, but will be available Saturday night.

Return to:

Mount Allamuchy Scout Reservation
